Lesson 5: “Scanning”

Presented by Mr. Kem Virath

# Definition

- + What is scanning?
- + It is to look through a text quickly to find specific information.

## How to scan

- Quickly find the section you need.
- Don't read every word. Only look for key words.
- When you find what you need, read the sentence.
- After you have the information, stop reading.

# Example

*What's on television?*

**Monday**

**A.M.**

Day

**8:00**

News and weather

**9:00**
